

Irina I. Agoulnik, Ph.D., is Recognized by Worldwide Branding For Excellence in Biomedical Research Operations

Dr. Agoulnik is a member of the American Association for the Advancement of Science, Women Entrepreneurs in Science and Technology, and the National Association of Professional Women

BILLERICA, MA, October 13, 2016, Irina I. Agoulnik, Ph.D., Co-Founder, Chief Executive Officer, and President of Vesti Intelligence Corp., has been recognized for showing dedication, leadership and excellence in biomedical research operations.

Worldwide Branding is proud to endorse the recent, notable professional efforts and accomplishments of Irina I. Agoulnik, Ph.D. A member in good standing, Irina I. Agoulnik parlays 25 years of experience into her professional network, and has been noted for achievements, leadership abilities, and the credentials they have provided in association with their Worldwide Branding membership.

With an interest in life science and biomedical research, software development, building teams, setting up systems for timely delivery results, the evaluation of research programs and quality processes, Dr. Irina I. Agoulnik embarked on a career in biomedical research with a focus on productivity and innovation. To prepare for her career, she earned a Ph.D. in Biology from NSAU, Russia, an MS in Physics from KazGU, Kazakhstan, a diploma in computer programming from The CHUBB Institute, N. Brunswick, NJ, and certificates in business management from eCornell, and Board of Directors management from eCornell, and Board of Directors management from Harvard T.H. Chan School of Public Health, MA.

Dr. Agoulnik is recognized as an authentic leader with analytical acumen and strong experience in Biotech and Biomedical initiatives, from start-up to mature operations. She is experienced in developing innovative approaches, strategies, operations and transitional management, business development, and team leadership. Presently Co-founder, CEO, and President of [Vesti Intelligence Corp.](#), Irina leads the company that develops web-based applications such as [CaptoMe](#), for research and businesses in biomedical and pharmaceutical industries. Vesti's mission is to accelerate the decision-making processes while boosting innovation and productivity of the user and his/her organization by offering a unique technology platform with succinct pre-indexed and categorized biomedical intelligence from complex sources. Simply yet powerful tools within Vesti's platform empower users to strengthen their brand leadership and ultimate competitive advantage.

Named one of the Top Female Executives, Professionals & Entrepreneurs by Worldwide Branding, Dr. Agoulnik is an honored member of The International Women's Leadership Association, recognized for her contribution to family, career and community. Her greatest accomplishment has been working with interdisciplinary teams. Dr. Agoulnik enjoyed being part of the scientific initiative while using tools for corporate relations, as well as developing and implementing the strategic plan with an actionable outcome and timely execution. Looking ahead, she plans to continue on her educational path to enhance her skills, and eventually lead a company or team.

Worldwide Branding has added Irina I. Agoulnik to their distinguished Registry of Executives, Professionals and Entrepreneurs. While inclusion in Worldwide Branding is an honor, only small selections of members in each discipline are endorsed and promoted as leaders in their professional fields.

About Worldwide Who's Who®

With over 500,000 members representing every major industry, Worldwide Who's Who is a powerful networking resource that enables professionals to outshine their competition, in part through effective branding and marketing. Worldwide Who's Who employs similar public relations techniques to those utilized by Fortune 500 companies, making them cost-effective for members who seek to take advantage of its career enhancement and business advancement services.

Worldwide Who's Who membership provides individuals with a valuable third-party endorsement of their accomplishments, and gives them the tools needed to brand themselves and their businesses effectively. In addition to publishing biographies in print and electronic form, it offers an online networking platform where members can establish new professional relationships.
